Manufacturers of Industrial Pump Replacement Parts

Titanium Repairs Capabilities

*Finished Product:
Like NEW!*

Repair vs Replacing Parts

Repair of centrifugal pump parts to OEM specifications:

- * Is Much More Cost Effective
- * Provides Quicker Turnarounds
- * Economical Replacement Parts are available if damage is beyond repair.

Part repairs include but not limited to:

- * Casings
- * Impellers
- * Stuffing Box Covers

Casing Before Repair

Welded Eroded Areas

Precision Machining of Case
